RR 800

Categories: Brushing Machines

BRUSHING MACHINE RR 800

TECHNICAL DATA

Max working height	mm 200
Max working length	mm 250
Max working width	mm 800-1600
Feed mat motor power	kW 0,55
Brush motor power	HP 7,5+7,5
Belt transmission	N.2 V380
Feed speed	mt/min 4:12
Brush speed	rpm 1000
Brush diameter	mm 210
Weight	kg 950

CE EQUIPMENT

- Machine supplied without brushes
- Rugged steel construction made entirely of high resistance
- Feed mat with adjustable speed managed by electronic inverter
- Brushes heads are mounted on precision guide to ensure maximun stability and accuracy
- Brushes heads open on one side, with possibility to process very large pieces even to the field of the choosen machine
- Independent rollers for each head, mounted on springs to ensure the stability of the workpiece during the process
- Independent adjustments of the brushes, with mechanical indicator
- Inverter with keypad on control panel to adjust the brushes speed and invertible direction of rotation
- Brushes motor with belt drive
- Nr.2 frontal flywheels
- Nr.2 dust extraction hoods Ø 120 mm
